

**WHY TRAIN
WITH US AT
DEF CON TRAINING
LAS VEGAS 2026**

BREACH AND ADVERSARY SIMULATION

Learn realistic adversary emulation to validate security controls, detections, and incident response capabilities.

COBALT STRIKE C2

Master Cobalt Strike operations, advanced tradecraft, Malleable C2 profiles, BOFs for adversary simulation engagements.

AI IN OFFENSIVE OPERATIONS

Build an AI agent system for AI assisted adversary simulation, exploit development, and breach simulation exercises.

ONE YEAR OF TRAINING PORTAL ACCESS

Continue learning with updated course content, lab guides, code samples, and training resources for one year.

CBAS DEF CON EDITION

Earn the Certified Breach and Adversarial Attack Simulation Specialist [CBAS] certification and receive exclusive digital badges.

CBAS CHALLENGE COINS

Earn exclusive CBAS challenge coins through CTF competitions and successful completion of the proficiency exam as a token of accomplishment.

DEF CON TRAINING CERTIFICATE

Receive an official DEF CON Training Completion Certificate and Proficiency Certificate along with digital badges recognizing your participation and completion of the training program.

MEET YOUR TRAINER

ABHIJITH "ABX" B R

Training created by the Founder of Adversary Village at DEF CON.
